It's just a little different - and it may be just what you are looking for. Almost completely renovated, this expanded split is absolutely ready for you to move in and start enjoying. Lots of open space but you can retreat to the downstairs office if you need to. Or split up the family in one of two living rooms on different floors. There is a Master Suite Addition with a separate entrance - perfect for multi-generation living or just an escape from the rest of the family. A short walk takes you to train or bus to Manhattan and you've got easy highway access too. Walk to shops, schools, parks! And its all in a lovely, quiet neighborhood.
